INFORMATION ABOUT PAWS IN THE CITY

Paws In The City is an all-volunteer nonprofit 501(c) 3 organization committed to ending the abuse, neglect and overpopulation of Dallas area dogs and cats. Our goal is that every adoptable dog and cat gets a loving home. By providing money for spay/neuter and increasing the adoption rate, we take the first step in making Dallas a no kill city.

Paws In The City has spent many years rescuing the dogs and cats of our community. We place them into foster homes and then into loving adoptive homes. Paws in the City works with the City of Dallas municipal animal shelter to reduce the almost 30,000 unwanted animals they kill each year...add the Dallas Metroplex and the number climbs to 200,000. Every dollar Paws in the City raises goes to fund our foster, adoption, medical and spay/neuter programs.

PAWS IN THE CITY'S ACCOMPLISHMENTS

- Reducing the number of animals killed at the City of Dallas Animal Shelter by featuring them at our off-site adoption events AND rescuing animals on death row from the shelter and rehabilitating them for adoption.
- Increasing the number of animals we intake and adopt each and every year
- Through our Guest Dog/Cat Program we help citizens who find strays or need to re-home a pet by posting them on our web site and inviting them to attend our adoption events as well as extending our vet discounts to them.
- Our Medical Assistance Fund offers the public assistance with expensive surgeries or treatments that they could not afford on their own.
- A portion of the funds raised at our very successful annual Top Hat & Tails event are given to free spay/neuter programs operated by local organizations including Metroplex Animal Coalition and education programs such as Companions for Life that teaches responsible pet ownership
- Producing the most unique special events in town. In addition to Top Hat & Tails there are 4 to 5 sellout events a year including Martinis for Mutts, Margaritas for Mutts, Paws at the Oasis and Hairballs and Hair Bands, our 1980s-themed holiday party.
- Taking in dogs and cats that other rescue organizations overlook due to illness, age or breed. For example, rescuing heartworm positive dogs who might otherwise have been killed at the city shelter because the city cannot treat heartworms or taking older dogs or cats or even pure bred pit bulls with good personalities and breeds of all sizes.
- Creating a training program for dogs in our care so that none of our dogs, due to behavioral issues, sits in a kennel for a long period of time without a foster home. We are committed to their emotional and mental well being as well as their physical needs.
